

University of Applied Sciences

international, meaningful, curious

IMC. It's all in me.

Programme Director for Transnational Programmes (f/m/d)

You are a leader

You will be responsible for selected transnational degree programmes and organising teaching operations in cooperation with partner universities in Europe and Asia. This will involve implementing and acquiring degree programmes and continuing education courses, as well as lecturing in your specialist subject. You have all the skills required to motivate people to take an interest in business topics and explore the links between them.

You have a distinctly international outlook

- University degree (PhD or equivalent)
- Experience of international university partnerships and working in intercultural teams
- University teaching experience
- Experience as a degree programme director an advantage
- Experience of conducting research projects and attracting third-party funding
- Strong publication record and active member of the scientific community (as reflected in memberships, conference attendance and peer review work)
- Excellent German and English (min. C1 / Common European Framework of Reference for Languages)
- Strong willingness to travel

You are highly committed and willing to learn and have excellent organisational skills. A professional demeanour, respect for colleagues and leadership abilities are very important to us. We expect our people to work efficiently with an emphasis on achieving targets, and to adopt an entrepreneurial, strategic approach.

We offer a range of attractive benefits

Flexible working models

About IMC Krems

Our university offers students, lecturers and employees many opportunities for their personal development. We believe that translating knowledge into business practice is a creative process. We implement this transition in partnership with our professional community of academics, administrative staff and students.

IMC Krems is committed to promoting equal opportunities and diversity. This means that we particularly welcome applications from women, people from international backgrounds and people with disabilities or chronic conditions.

What sets us apart from the rest

Highly ranked in terms of both teaching and research, we can offer an innovative, international working environment in the heart of the Wachau Cultural Landscape and World Cultural Heritage Region.

IMC Hochschule für Angewandte Wissenschaften Krems GmbH

Piaristengasse 1
3500 Krems

[Further information](#)

IMC Krems is not member to any collective agreement. The minimum annual gross salary for this position is EUR 68.000,- on the basis of full-time employment (40 hours per week). Depending on professional qualifications and experience, we are willing to overpay. The award of a professorship is not tied to the conclusion of an employment contract but to a peer review process and requires appropriate evidence of the candidate's record in teaching, research and practice.

If you are interested, please submit online your teaching- and research portfolio including your publication list and a teaching-and research statement as well as your salary expectations.
